

**Carlos Burgos, owner of Carval Contracting Inc., takes a minute out of building a customers dream backyard to take a picture with Bobcat Sales Specialist Gino Cervo from Bobcat of Toronto.**

Carval Contracting Inc. has been serving the GTA & surrounding areas since 1999. They are a one stop shop design and build company from start to finish. From building custom homes/renovations, from excavating to retailing walls, interlock, and installing pools. Carval Contracting Inc. team of trained professionals provide top quality work and service in building your dream home and/or dream backyard. Carval Contracting takes great pride in their work and that shows with their growing list of referrals and repeat customers. Also, staying within budget and on time for their customers is extremely important to them.

Carlos Burgos said the #1 reason why he chose to purchase Bobcat® machines was the service Bobcat of Toronto provided. When he first started looking, he walked into another brand dealership, they didn't give them the time of day because he was young. From the minute he walked into Bobcat of Toronto dealership, they were all very welcoming to him and Gino Cervo, Bobcat Sales Specialist, continues to provide Carlos with top notch service.

“Gino Cervo explained what machines would work best for my business so he bought a Bobcat MT85 mini loader, T650 compact track loader and a E85 compact

excavator. I am so glad I did purchase these machines. They are compact, have great response and power is always there when you need it. My employees find them easy to operate and everything is straight forward on the dash. As for the cost of machines, it's money well spent. Actually, I am just in the middle of purchasing a bigger machine from Gino,” stated Carlos.

“I would highly recommend Gino Cervo, Bobcat of Toronto and Bobcat machines and attachments to anyone.”

Thanks Carlos.
