

"...he was so impressed with his Bobcat 331 compact excavator's power for its weight lift and reliability, that he has never bought anything but Bobcat machines."

Rebecca Hurrell, sales specialist for Bobcat of Barrie stands with Rick Wright, owner of Brackenrig Landscaping and his trusted dog Ruby, outside his yard in Port Carling, Ontario.

Rick Wright, certified landscaper, horticulturist, owner of Brackenrig Landscaping for over 30 years, really enjoys designing and building a customer's dream yard right from scratch. If a customer is building a new cottage/home, Rick will go and do a site inspection of the land and have suggestions for a builder where is best to build the home so that the landscaping design functionality will look it's best. In the 1980s when Rick started his business, there was a 21% unemployment rate, and landscaping was one of the only jobs available at the time. Luckily for Rick, he loves his job.

Rick pays his employees higher than average wages as he wants them to be happy and produce quality work for his

high-end customers. For him, it's about the art of landscaping, not about quick production. Rick is constantly looking for new products and innovative ideas for his customers.

Brackenrig serves not only the Muskoka areas, but has also had the opportunity to complete projects in King City, Staynor, Collingwood, and in Aurora. One of his most notable projects was the landscaping revamp he completed at a famous hockey players home. He was the first contractor in Muskoka to reinvent 1920's granite stone stairs in a modern way in 1989.

Early in Rick's career he was so impressed with his Bobcat® 331 compact excavator's power for its weight lift and reliability, that he has never bought anything but Bobcat

machines. Rick now owns a Bobcat E32 compact excavator, A773 skid-steer, a T190, and T595 compact track loader and an A770 all-wheel steer loader. Just like his landscaping art design must be the very best, so does his machines.

"Bobcat of Barrie's customer service is #1. Their mobile service comes to me. Sheldon who does the service is great! I don't have to bring my equipment to them so it saves me time and money. When I call the dealership it's so nice that they all know me by name. My Bobcat sales specialist, Rebecca Hurrell has been terrific. She is all about service too," states Rick. "I would highly recommend Bobcat of Barrie and Rebecca."

Thank you Rick.
