LOADERS

**Construction | Demolition
Landscaping | Paving | Site Servicing
Snow Removal | Waste Management
Farm & Grounds Maintenance**

Compact Track Loaders

Our Bobcat track loaders are the industry's most powerful, comfortable and versatile loaders. Their tracks allow for better weight distribution and floatation over soft, sandy, wet or muddy conditions, keeping you moving forward while minimizing turf disruption. With a wide range in sizes, you'll find the right rental model for your job.

T770 Track Loader

MODEL	R.O.C	WIDTH	HORSEPOWER
T450	1,400 lbs	56 in	55 hp

S770 Skid-Steer Loader

Frequently Rented With:
Auger, Breaker, Brushcat,
Industrial Grapple, Stump
Grinder, Trencher

Mini Track Loaders

Our Bobcat mini track loaders will get to your job when other machines can't fit. They can complete a huge variety of tasks in limited-access areas, minimizing the need for wheelbarrows and shovels. These machines are a must-have for any landscaper, especially those doing backyard work and need to fit through a gate.

MT100 Mini Track Loader

MODEL	R.O.C	WIDTH	HORSEPOWER
MT100	1,000 lbs	35.6 in	24.8 hp

Frequently Rented With: Auger, Breaker, Sweeper, Pallet Forks, Stump Grinder, Trencher

SAL'S

Small Articulated Loaders

Our Bobcat SAL's can take on a variety of big challenges in small spaces. Their articulating joint and turf-safe mode allows for minimal ground disturbance while working. They offer impressive lifting capability for their size and with a wide range of attachments available, they are a premium landscaping tool. The L28 has a telescopic lift arm that extends its reach up to 24-in for a total lift height of 104-in.

L28 SAL

MODEL	R.O.C	WIDTH	HORSEPOWER
L28	1,534 lbs	46.5 in	24.8 hp

Frequently Rented With: Breaker, Snow Blower, Utility Forks, Stump Grinder, Trencher

EXCAVATORS

Construction | Demolition
Landscaping | Plumbing & Pipefitting
Grounds Maintenance | Site Preparation

Excavators

We offer a huge variety of models ranging from the compact E10, nimble enough to fit through a backyard gate, to the monstrous E145 to conquer your big construction jobs. Our Bobcat excavator rentals give you industry leading dig depths, powerful lifting capabilities and a variety of tail swings to keep your jobs precise and help minimize possible damage.

PRODUCTIVITY PACKAGES

We've made it easy to get the right machine and attachment combo for your job with our pre-made packages. These are the most popular equipment rental combinations over a variety of industries including snow removal, landscaping, demolition and more.

Compact Excavator + Breaker Attachment

Break through concrete, rock and asphalt with ease using a hydraulic breaker attachment. It provides quieter and smoother operation to make quick work of any demolition job. Combine that with the reach of our compact excavator to get a powerful and precise demolition machine.

Compact Track Loader + Industrial Grapple Attachment

Grab onto and hold the oddest shaped materials using our industrial grapple attachment. Mount it on a Bobcat compact track loader for fast and agile clearing of large debris, tree stumps, stones and more.

Mini Track Loader + Auger Attachment

Get into the tight spaces that other equipment could only dream of with an MT100 mini track loader. Easily fit through gates and doorways to get into the backyard where our powerful auger attachment goes to work for quick and easy fencepost digging.

Toolcat Work Machine + Snowblower Attachment

The remarkable utility of a Bobcat Toolcat combined with the clearing power of a SB200 Snowblower makes a great winter team. This combo is ideal for commercial snow clearing, sidewalks or large residential areas.

Skid-Steer Loader + Sweeper Attachment

Keep your jobsite squeaky clean with the Bobcat sweeper attachment. It offers optimal bristle-to-surface contact and an easy to open debris storage compartment. Pair that with the power and comfort of a Bobcat skid-steer loader and your operator will be keeping your site pristine all day long.

Let our team take care of your Bobcat equipment with our wide range of authorized Bobcat tools and diagnostic equipment.

RENTAL FAQ

01 Why Bobcat Equipment?

Bobcat is the leader in compact construction and grounds maintenance equipment. Our lineup offers unparalleled power and performance that you won't find anywhere else. Plus, the huge variety of attachments means we'll have the equipment to get your job done quickly and safely.

03 How Long Can I Rent?

Rentals are available on a daily, weekly and monthly basis. Longer rentals are available upon request

- 8-hr = 1 day
- 40-hr = 1 week
- 180-hr = 1 month (28 Days)

02 What If I Damage It?

The customer is responsible for any and all damages during the rental period. We provide a Limited Damage Waiver (LDW) that covers unforeseen incidentals that can occur during operation.

04 What Do I Need To Rent?

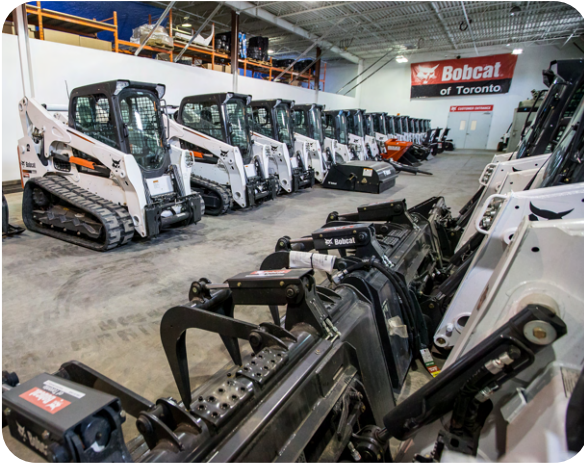

We recommend creating an account to simplify the process. Without an account, You will need:

- Driver's license and credit card with matching names
- Proof of insurance (no LDW)
- Approved trailer & towing vehicle

How is **Oaken Equipment** unique?

While other rental houses may look to be a jack of all trades and carry many different brands, our focus is on being **the masters of our trade** and as a result, we're the leading experts when it comes to Bobcat equipment and attachments.
